## Open Fields School

---

Open Fields School has been teaching the joy of learning since 1971. Serving up to 25 students in grades K-6, with a staff of 3 to 4 teachers, Open Fields offers an individualized program in a community setting where all children can succeed, a non-competitive environment where each child is encouraged to do his or her best. In a low-key atmosphere free from the pressures of academic competition, testing and homework, the school encourages children's natural curiosity and creativity, and promotes a lifelong love of learning. Open Fields teaches children how to learn and how to enjoy learning, while imparting a solid background in basic skills.

For more information about the school and its programs, contact Jean K. Aull, Open Fields School, Thetford, Vermont, 05074 (802-785-2077).
